Any additional information to help us in making our decision on placement? _____

To support you in your guardianship of a Newfoundland Dog, the SCNRC asks that you join the Newfoundland Club of Southern California (NCSC) or your regional club for a minimum of one year. A membership application is available on our website: www.newfclubofsocal.org

As you know, no dog is perfect and all dogs frequently dig, chew and bark. Many rescued Newfoundlands have past issues which need to be addressed. Each time they are moved it is a new trauma, so this dog may have additional special emotional or training needs. *Obedience training can strengthen your bond with your new pet and teach you to deal with these potential problems.*

I certify the information provided is true to the best of my knowledge. I agree to home visits before and after placement of a Newfoundland. I agree to contact SCNRC if at any time I am unable to properly care for or keep the dog. I agree to keep SCNRC apprised of my current address and telephone number.

I understand a rescue donation is required for adoption. *The amount will be between \$500.00 and \$1000.00. This donation is to defray medical and other costs.*
